DETAILED ACTION

Allowable Subject Matter

1. Claims 1-15 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 1-15 are allowed because the closest prior art of record fails to disclose a circuit as shown in Figure 2 wherein the circuit includes a delay circuit (160) for delaying an asynchronous clock output signal (FDAn) and a clock driving circuit (190, 200) for outputting the delayed asynchronous clock signal (ADout) as the internal clock signal (ICLK) when the reference clock signal (CLKref) is not synchronized with one of the delay clock signals (FDA1-n) in combination with the rest of the limitations of the base claims and any intervening claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
